

ARTICLE 2

388.1620 Foundation allowance per membership pupil; payments to public school academies and university schools; definitions.

Sec. 20. (1) For 1997-98 and 1998-99, the basic foundation allowance is \$5,462.00 per membership pupil. For 1999-2000, the basic foundation allowance is \$5,652.00 per membership pupil.

(2) From the appropriation in section 11, there is allocated for 1997-98 an amount not to exceed \$8,022,595,100.00, for 1998-99 an amount not to exceed \$7,970,372,900.00, and for 1999-2000 an amount not to exceed \$8,314,985,400.00, to guarantee each district a foundation allowance per membership pupil other than special education pupils and to make payments under this section to public school academies and university schools for membership pupils other than special education pupils. The amount of each district's foundation allowance shall be calculated as provided in this section, using a basic foundation allowance in the amount specified in subsection (1). If the maximum amount allocated under this section is not sufficient to fully fund payments under this section, and before any proration required under section 11, the amount of the payment to each district, university school, and public school academy shall be prorated by reducing by an equal percentage the total payment under this section to each district, university school, and public school academy. However, if the department determines that proration will be required under this section, the superintendent of public instruction shall notify the department of management and budget, and the department of management and budget shall notify the legislature at least 30 calendar days or 6 legislative session days, whichever is more, before the department reduces any payments under this section because of the proration. During the 30 calendar day or 6 legislative session day period after that notification by the department of management and budget, the department shall not reduce any payments under this section because of proration. The legislature may prevent proration under this section from occurring by, within the 30 calendar day or 6 legislative session day period after that notification by the director, enacting legislation appropriating additional funds from the general fund, countercyclical budget and economic stabilization fund, state school aid fund balance, or another source to ensure full foundation allowance funding for each district, university school, and public school academy.

(3) Except as otherwise provided in this section, the amount of a district's foundation allowance shall be calculated as follows, using in all calculations the total amount of the district's foundation allowance as calculated before any proration:

(a) For a district that in the immediately preceding state fiscal year had a foundation allowance at least equal to the sum of \$4,200.00 plus the total dollar amount of all adjustments made from 1994-95 to the immediately preceding state fiscal year in the lowest foundation allowance among all districts, but less than the basic foundation allowance in the immediately preceding state fiscal year, the district shall receive a foundation allowance in an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus the difference between twice the dollar amount of the adjustment from the immediately preceding state fiscal year to the current state fiscal year made in the basic foundation allowance and [(the dollar amount of the adjustment from the immediately preceding state fiscal year to the current state fiscal year made in the basic foundation allowance minus \$50.00) times (the difference between the district's foundation allowance for the immediately preceding state fiscal year and the sum of \$4,200.00 plus the total dollar amount of all adjustments made from 1994-95 to the immediately preceding state fiscal year in the lowest foundation allowance among all districts) divided by the difference between the basic foundation allowance for the current state fiscal year and the sum of \$4,200.00 plus the total dollar amount of all adjustments made from 1994-95 to the immediately preceding state fiscal year in the lowest foundation allowance among all districts]. However, the foundation allowance for a district that had less than the basic foundation allowance in the immediately preceding state fiscal year shall not exceed the basic foundation allowance for the current state fiscal year.

(b) For a district that in the immediately preceding state fiscal year had a foundation allowance in an amount at least equal to the amount of the basic foundation allowance for the immediately preceding state fiscal year, the district shall receive a foundation allowance in an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus the dollar amount of the adjustment from the immediately preceding state fiscal year to the current state fiscal year in the basic foundation allowance.

(c) For 1998-99, each district's foundation allowance shall be at least \$5,170.00.

(4) To ensure that a district receives the district's foundation allowance, there is allocated to each district a state portion of the district's foundation allowance in an amount calculated under this subsection. The state portion of a district's foundation allowance is an amount equal to the district's foundation allowance or \$6,500.00, whichever is less, minus the difference between the product of the taxable value per membership pupil of all property in the district that is not a homestead or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL

125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the Brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership excluding special education pupils. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, except for a district that was notified of such a millage reduction in 1996 after the last permissible date to schedule an election to override that millage reduction, the state portion of the district's foundation allowance shall be calculated as if that reduction did not occur. For each fiscal year after 1994-95, the \$6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and \$5,000.00.

(5) The allocation under this section for a pupil shall be based on the foundation allowance of the pupil's district of residence. However, for a pupil enrolled pursuant to section 105 in a district other than the pupil's district of residence but within the same intermediate district, the allocation under this section shall be based on the lesser of the foundation allowance of the pupil's district of residence or the foundation allowance of the educating district. For a pupil in membership in a K-5, K-6, or K-8 district who is enrolled in another district in a grade not offered by the pupil's district of residence, the allocation under this section shall be based on the foundation allowance of the educating district if the educating district's foundation allowance is greater than the foundation allowance of the pupil's district of residence.

(6) Subject to subsection (7) and except as otherwise provided in this subsection, for pupils in membership, other than special education pupils, in a public school academy or a university school, there is allocated under this section each fiscal year for 1997-98, for 1998-99, and for 1999-2000 to the authorizing body that is the fiscal agent for the public school academy for forwarding to the public school academy, or to the board of the public university operating the university school, an amount per membership pupil other than special education pupils in the public school academy or university school equal to the sum of the local school operating revenue per membership pupil other than special education pupils for the district in which the public school academy or university school is located and the state portion of that district's foundation allowance, or the sum of the basic foundation allowance under subsection (1) plus \$500.00, whichever is less. Notwithstanding section 101(2), for a public school academy that begins operations in 1997-98, 1998-99, or 1999-2000, as applicable, after the pupil membership count day, the amount per membership pupil calculated under this subsection shall be adjusted by multiplying that amount per membership pupil by the number of hours of pupil instruction provided by the public school academy after it begins operations, as determined

by the department, divided by the minimum number of hours of pupil instruction required under section 1284 of the revised school code, MCL 380.1284. The result of this calculation shall not exceed the amount per membership pupil otherwise calculated under this subsection. Also, a public school academy that begins operations in 1997-98, 1998-99, or 1999-2000, as applicable, after the pupil membership count day shall not receive any funds under this section unless the public school academy provides for the school year a number of hours of pupil instruction that is at least in the same proportion to the minimum number of hours of pupil instruction required under section 1284 of the revised school code, MCL 380.1284, as the number of days of pupil instruction provided by the public school academy for the school year is in proportion to the number of days of pupil instruction required under section 1284 of the revised school code, MCL 380.1284.

(7) If more than 25% of the pupils residing within a district are in membership in 1 or more public school academies located in the district, then the amount per membership pupil allocated under this section to the authorizing body that is the fiscal agent for a public school academy located in the district for forwarding to the public school academy shall be reduced by an amount equal to the difference between the product of the taxable value per membership pupil of all property in the district that is not a homestead or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the Brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership excluding special education pupils, in the school fiscal year ending in the current state fiscal year, calculated as if the resident pupils in membership in 1 or more public school academies located in the district were in membership in the district. In order to receive state school aid under this act, a district described in this subsection shall pay to the authorizing body that is the fiscal agent for a public school academy located in the district for forwarding to the public school academy an amount equal to that local school operating revenue per membership pupil for each resident pupil in membership other than special education pupils in the public school academy, as determined by the department.

(8) If a district does not receive a payment under subsection (9); if the number of mills the district may levy on a homestead and qualified agricultural property under section 1211(1) of the revised school code, MCL 380.1211, is 0.5 mills or less; and if the district elects not to levy those mills, the district instead shall receive a separate supplemental

payment under this subsection in an amount equal to the amount the district would have received had it levied those mills, as determined by the department of treasury. A district shall not receive a separate supplemental payment under this subsection for a fiscal year unless in the calendar year ending in the fiscal year the district levies 18 mills or the number of mills of school operating taxes levied by the district in 1993, whichever is less, on property that is not a homestead or qualified agricultural property.

(9) For a district that had combined state and local revenue per membership pupil in the 1993-94 state fiscal year of more than \$6,500.00 and that had fewer than 350 pupils in membership, if the district elects not to reduce the number of mills from which a homestead and qualified agricultural property are exempt and not to levy school operating taxes on a homestead and qualified agricultural property as provided in section 1211(1) of the revised school code, MCL 380.1211, and not to levy school operating taxes on all property as provided in section 1211(2) of the revised school code, MCL 380.1211, there is allocated under this subsection for 1994-95 and each succeeding fiscal year a separate supplemental payment in an amount equal to the amount the district would have received per membership pupil had it levied school operating taxes on a homestead and qualified agricultural property at the rate authorized for the district under section 1211(1) of the revised school code, MCL 380.1211, and levied school operating taxes on all property at the rate authorized for the district under section 1211(2) of the revised school code, MCL 380.1211, as determined by the department of treasury. A district shall not receive a separate supplemental payment under this subsection for a fiscal year other than 1997-98 unless in the calendar year ending in the fiscal year the district levies 18 mills or the number of mills of school operating taxes levied by the district in 1993, whichever is less, on property that is not a homestead or qualified agricultural property. Beginning with the 1998-99 fiscal year, if in the calendar year ending in the fiscal year a district does not levy 18 mills or the number of mills of school operating taxes levied by the district in 1993, whichever is less, on property that is not a homestead or qualified agricultural property, the payment under this subsection will be reduced by the same percentage as the millage actually levied compares to the 18 mills or the number of mills levied in 1993, whichever is less.

(10) A district or public school academy may use any funds allocated under this section in conjunction with any federal funds for which the district or public school academy otherwise would be eligible.

(11) For a district that is formed or reconfigured after June 1, 1994 by consolidation of 2 or more districts or by annexation, the resulting district's foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the average of the foundation allowances of each of the original or affected

districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district who reside in the geographic area of each of the original districts. If an affected district's foundation allowance is less than the basic foundation allowance, the amount of that district's foundation allowance shall be considered for the purpose of calculations under this subsection to be equal to the amount of the basic foundation allowance.

(12) Each fraction used in making calculations under this section shall be rounded to the fourth decimal place and the dollar amount of an increase in the basic foundation allowance shall be rounded to the nearest whole dollar.

(13) State payments related to payment of the foundation allowance for a special education pupil are not funded under this section but are instead funded under section 51a.

(14) To assist the legislature in determining the basic foundation allowance for the subsequent state fiscal year, except for the January 1998 revenue estimating conference, each revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b, shall calculate a pupil membership factor, a revenue adjustment factor, and an index as follows:

(a) The pupil membership factor shall be computed by dividing the estimated membership in the school year ending in the current state fiscal year, excluding intermediate district membership, by the estimated membership for the school year ending in the subsequent state fiscal year, excluding intermediate district membership. If a consensus membership factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(b) The revenue adjustment factor shall be computed by dividing the sum of the estimated total state school aid fund revenue for the subsequent state fiscal year plus the estimated total state school aid fund revenue for the current state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund and excluding money transferred into that fund from the countercyclical budget and economic stabilization fund under section 353e of the management and budget act, 1984 PA 431, MCL 18.1353e, by the sum of the estimated total school aid fund revenue for the current state fiscal year plus the estimated total state school aid fund revenue for the immediately preceding state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund. If a consensus revenue factor is not determined at the revenue estimating conference, the

principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(c) The index shall be calculated by multiplying the pupil membership factor by the revenue adjustment factor. However, for 1998-99 only, the index shall be 1.00. If a consensus index is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(15) If the principals at the revenue estimating conference reach a consensus on the index described in subsection (14)(c), the basic foundation allowance for the subsequent state fiscal year shall be at least the amount of that consensus index multiplied by the basic foundation allowance specified in subsection (1).

(16) If the pupil membership, excluding intermediate district membership, for the school year ending in the next state fiscal year is estimated at the January revenue estimating conference to be greater than 101% of the pupil membership, excluding intermediate district membership, for the school year ending in the current state fiscal year, then it is the intent of the legislature that the executive budget proposal for the school aid budget in the subsequent state fiscal year incorporate a general fund/general purpose allocation that is greater than the general fund/general purpose allocation in the current fiscal year, to support the estimated membership in excess of 101% of the membership in the current year.

(17) As used in this section:

(a) “Combined state and local revenue per membership pupil” means the aggregate of the district’s state school aid received by or paid on behalf of the district under this section and the district’s local school operating revenue, divided by the district’s membership excluding special education pupils.

(b) “Current state fiscal year” means the state fiscal year for which a particular calculation is made.

(c) “Homestead” means that term as defined in section 1211 of the revised school code, MCL 380.1211.

(d) “Immediately preceding state fiscal year” means the state fiscal year immediately preceding the current state fiscal year.

(e) “Local school operating revenue” means school operating taxes levied under section 1211 of the revised school code, MCL 380.1211.

(f) “Local school operating revenue per membership pupil” means a district’s local school operating revenue divided by the district’s membership excluding special education pupils.

(g) “Membership” means the definition of that term under section 6 as in effect for the particular fiscal year for which a particular calculation is made.

(h) “Qualified agricultural property” means that term as defined in section 1211 of the revised school code, MCL 380.1211.

(i) “School operating purposes” means the purposes included in the operation costs of the district as prescribed in sections 7 and 18.

(j) “School operating taxes” means local ad valorem property taxes levied under section 1211 of the revised school code, MCL 380.1211, and retained for school operating purposes.

(k) “Taxable value per membership pupil” means taxable value, as certified by the department of treasury, for the calendar year ending in the current state fiscal year divided by the district’s membership excluding special education pupils for the school year ending in the current state fiscal year.

388.1620bAllocation for 1998-99; payment amounts.

Sec. 20b. (1) From the state school aid fund money appropriated in section 11 for 1998-99, there is allocated for 1998-99 only an amount not to exceed \$96,350,000.00 for payments to districts and intermediate districts under this section.

(2) The total amount allocated to districts under this section is \$95,600,000.00. The amount of the payment to each district under this section shall be as follows:

(a) For a district with a 1998-99 foundation allowance under section 20 at least equal to the amount of the 1998-99 basic foundation allowance under section 20, an amount equal to \$51.00 per 1998-99 membership pupil of the district.

(b) For a district with a 1998-99 foundation allowance under section 20 of less than the amount of the 1998-99 basic foundation allowance under section 20, an amount per 1998-99 membership pupil of the district equal to the amount calculated by multiplying 2 times \$51.00 and subtracting from that product the product of \$51.00 times the quotient of (the district's 1998-99 foundation allowance under section 20 minus \$5,170.00) divided by \$292.00.

(3) The total amount allocated to intermediate districts under this section is \$750,000.00. The amount of the payment to each intermediate district under this section shall be an amount equal to 0.9% of the amount of funding actually received by the intermediate district under section 81(1) for 1997-98.

(4) Notwithstanding section 17b, the payments due to a district or intermediate district under this section shall be made in 7 equal installments and shall be included in the monthly payments under section 17b for each month from February 1999 through August 1999.

388.1620dRequirements for final determination under §§ 388.1620 and 388.1620a.

Sec. 20d. In making the final determination required under former section 20a of a district's combined state and local revenue per membership pupil in 1993-94 and in making calculations under section 20, the department and the department of treasury shall comply with all of the following:

(a) For a district that had combined state and local revenue per membership pupil in the 1994-95 state fiscal year of \$6,500.00 or more and served as a fiscal agent for a state board designated area vocational education center in the 1993-94 school year, total state school aid received by or paid on behalf of the district pursuant to this act in 1993-94 shall exclude payments made under former section 146 and under section 147 on behalf of the district's employees who provided direct services to the area vocational education center. Not later than June 30, 1996, the department shall make an adjustment under this subdivision to the district's combined state and local revenue per membership pupil in the 1994-95 state fiscal year and the department of treasury shall make a final certification of the number of mills that may be levied by the district under section 1211 of the revised school code, MCL 380.1211, as a result of the adjustment under this subdivision.

(b) If a district had an adjustment made to its 1993-94 total state school aid that excluded payments made under former section 146 and under section 147 on behalf of the district's employees who provided direct services for intermediate district center programs operated by the district under article 5, if nonresident pupils attending the center programs were included in the district's membership for purposes of calculating the combined state and local revenue per membership pupil for 1993-94, and if there is a signed agreement by all constituent districts of the intermediate district that an adjustment under this subdivision shall be made, the foundation allowances for 1995-96 and 1996-97 of all districts that had pupils attending the intermediate district center program operated by the district that had the adjustment shall be calculated as if their combined state and local revenue per membership pupil for 1993-94 included resident pupils attending the center program and excluded nonresident pupils attending the center program.

388.1621bTuition and fee support for pupil attending postsecondary institution.

Sec. 21b. (1) Subject to subsections (2) and (3), a district shall use funds received under section 20 to support the attendance of a district pupil at an eligible postsecondary institution under the postsecondary enrollment options act, Act No. 160 of the Public Acts of 1996, being sections 388.511 to 388.524 of the Michigan Compiled Laws.

(2) To the extent required under subsection (3), a district shall pay tuition and mandatory course fees, material fees, and registration fees required by an eligible postsecondary institution for enrollment in an eligible course. A district also shall pay any late fees charged by an eligible postsecondary institution due to the district's failure to make a

required payment according to the timetable prescribed by Act No. 160 of the Public Acts of 1996. A district is not required to pay transportation costs, parking costs, or activity fees.

(3) A district shall pay to the eligible postsecondary institution on behalf of an eligible student an amount equal to the lesser of the amount of the eligible charges described in subsection (2) or the prorated percentage of the state portion of the foundation allowance paid on behalf of that eligible student under section 20, with the proration based on the proportion of the school year that the eligible student attends the postsecondary institution. A district may pay more money to an eligible postsecondary institution on behalf of an eligible student than required under this section and Act No. 160 of the Public Acts of 1996, and may use local school operating revenue for that purpose. An eligible student is responsible for payment of the remainder of the costs associated with his or her postsecondary enrollment that exceed the amount the district is required to pay under this section and Act No. 160 of the Public Acts of 1996 and that are not paid by the district. As used in this subsection, "local school operating revenue" means that term as defined in section 20.

(4) As used in this section, "eligible course", "eligible student", and "eligible postsecondary institution" mean those terms as defined in section 3 of Act No. 160 of the Public Acts of 1996, being section 388.513 of the Michigan Compiled Laws.

Subsection (3) of Sec. 24, as amended by Act 212 of 1986, reads as follows:

"(3) Special education pupils funded under section 53 shall not be counted under this section."

In his veto message relative to Enrolled House Bill 4572, which became Act 118 of 1991, the governor stated that "the tradition of not re-enacting annually the unchanged appropriation sections of the school aid act is constitutionally flawed. It assumes the invalid creation of a continuing appropriation. Therefore, the following sections of the school aid act and their associated allocations must be considered inoperative: 24, 55, 74, 75, 105a, 111, and 116. These sections will be treated as excluded from the current bill..."
